

## Utah State Office of Education and Utah Education Network

## **On-Line Social Studies Endorsement Course Schedule**

The USOE, in partnership with UEN, has begun offering social studies endorsement courses on-line. Rather than the one-week-long endorsement courses typically held, the USOE and UEN are developing and offering a full slate of endorsement courses designed to provide rigorous course content while allowing maximum flexibility for participants. These are quality courses that demand upwards of five hours of work per week per course, but with careful planning and early registration, it should be possible to complete endorsement requirements in a timely and efficient manner.

The only cost will be the recording fee payable to our education partner, SUU. Currently this is \$15 per credit hour. SUU is working with us so these courses receive higher education credit and are recorded on a college transcript. There is no requirement that you are a matriculated student at SUU. Any licensed Utah K-12 teacher who wishes to take these courses can register.

Below is the course rotation schedule laid out over a calendar year. This shows all of the endorsement courses planned at this time, but there may be additional courses provided as needed. Register for courses at UEN. You can also search for course offerings via OnTrack.

UEN: <a href="http://profdev.uen.org/register/view">http://profdev.uen.org/register/view</a> course by month

OnTrack: <a href="https://usoe.truenorthlogic.com/">https://usoe.truenorthlogic.com/</a>
